The Maserati GranTurismo is a luxurious grand tourer that offers a blend of performance, style, and Italian craftsmanship. Here are some key specifications and features of the 2014 model:

**Engine:** The 2014 GranTurismo typically came with a 4.7-liter V8 engine, producing around 454 horsepower and 384 lb-ft of torque. This engine delivers a thrilling exhaust note and exhilarating performance.

**Transmission:** It usually came with a 6-speed automatic transmission, providing smooth shifts and responsive performance. Some models may also have a 6-speed manual transmission option.

**Performance:** The GranTurismo is known for its impressive performance capabilities, with a 0-60 mph acceleration time of around 4.7 seconds and a top speed of over 185 mph.

**Interior:** Inside, the GranTurismo boasts a luxurious and elegant cabin with premium materials, fine craftsmanship, and comfortable seating for four passengers. Features may include leather upholstery, wood trim, a premium audio system, and advanced infotainment technology.

**Design:** The exterior design of the GranTurismo is characterized by its sleek lines, aggressive stance, and iconic Maserati grille. It exudes Italian style and sophistication, making it a head-turner on the road.

**Handling:** The GranTurismo offers precise and engaging handling, with responsive steering and a well-

balanced chassis. It's designed to provide a comfortable and refined driving experience, ideal for long-distance cruising.

**Safety:** Maserati typically equips the GranTurismo with a range of safety features, including multiple airbags, stability control, traction control, and optional driver assistance systems such as adaptive cruise control and parking sensors.

**Customization:** Maserati offers a variety of customization options for the GranTurismo, allowing buyers to personalize their vehicle to their preferences. This includes various exterior paint colors, wheel designs, interior trims, and optional packages for enhanced performance or luxury features.
